Introduction About PGC

Power Gear Contracting L.L.C. (PGC) is an extension of our other company, **NABW**, which provided exceptional services and built a strong reputation.

With **PGC**, we aim to expand our reach and continue our tradition of excellence in a new market. PGC will uphold the same high standards and dedication that have defined NABW, ensuring quality and reliability in all our projects. We look forward to new opportunities and partnerships in **Saudi Arabia**.

NASEEM AL BATINAH AL WATANIAH L.L.C. (NABW) an **ISO CERTIFIED QMS 9001:2016. | QHSE ISO 45001:2018**. The company, established in March 2012 in Muscat, has played a key role in supporting Oman's development under His Majesty's leadership. Specializing in MEP contracting, value engineering for turnkey projects, and trading, it is recognized as a leading corporate in the Sultanate. We also work with **ministries**, ensuring reliable services. Managed by **Mr. Muhammad Asif**, a visionary business leader committed to excellent customer service, the company has earned trust and success over the years. With its focus on contracting, service, and maintenance, it continues to drive growth and reliability in the industry.

CR. Number – Power Gear Contracting Company: 4030554301

CR. Number – Naseem Al Batinah Al Wataniah: 1140738

Our employees' client satisfaction, talent and commitment are the key factors to our future success. Our values have established that "working together" creates more than just a business opportunity, it creates a long-term relationship for multi-dimension growth of all parties involved.

We aim for complete client satisfaction as an MEP contractor by providing cost-effective, high-quality engineering solutions that meet technical and safety standards. We exceed expectations through careful planning, adherence to industry trends, and timely delivery. Our mission is to uphold our reputation for integrity, excellence, and leadership by:

- Continuously improving quality
- Meeting client expectations
- Upholding ethical values
- Supporting staff development and career growth

- Upholding the highest standard of integrity for all our actions
- Working as a team across boundaries to meet customer requirements & to help the organization
- Value our people, encourage their development & reward their performance

HEALTH, SAFETY & ENVIRONMENT POLICY

Our Commitment

PGC is committed to ensuring all work activities are conducted safely, minimizing risks to the health, safety, and welfare of workers, contractors, and others affected by our operations. We adhere to internationally recognized Work Health, Safety, and Environment standards.

Responsibility, Goal & Objectives

Management:

We prioritize creating a safe and secure work environment by:

- Ensuring worker safety through awareness, training, and supervision
- Providing welfare facilities for workers
- Committing to worker consultation on health and safety matters
- Continuously improving safety through effective management techniques
- Conducting HSE training for all personnel involved in operations

Workers

We emphasize the responsibility of workers to:

- Follow safe work practices to prevent injuries and damage
- Take reasonable care of their own health and safety and that of others
- Wear required personal protective equipment
- Adhere to management's health and safety directives
- Immediately report all accidents, incidents, and hazards, regardless of severity
- Avoid misuse or interference with health and safety provisions

Quality Policy

PGC is dedicated to setting the highest standards in electromechanical projects, striving for excellence through innovation, improvement, and a commitment to environmental responsibility for future generations.

Our goals include:

- Maintaining competitiveness and expanding in international markets with quality, professional, and timely services.
- Delivering high-quality products, services, and designs to meet customer satisfaction.
- Providing excellent after-sales support through qualified, trained professionals while ensuring safety.
- Ensuring all services meet the highest quality standards and customer expectations.
- Regularly monitoring and reviewing procedures through internal audits and management reviews to ensure effectiveness.
